Entry Criteria – African & International Qualifications

Country: Ghana

Accepted Qualifications (2 Types):

1. **WASSCE** (West African Senior School Certificate Examination)

2. **SSCE** (Senior Secondary School Certificate Examination)

1) WASSCE (West African Senior School Certificate Examination)

A) Foundation Entry

Engineering School:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one additional subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
WAEC-SSCE applicants must achieve a minimum grade of C in at least five subjects, including Mathematics, English, and Biology.

Business School / Design and Media School / Psychology Schools:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English.

English Entry Criteria (Foundation Entry):
Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band) – Academic or UKVI

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- WAEC-SSCE English with a **minimum grade of C**

B) Year One Entry

Engineering School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject must be from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, and Biology must be included.

Business School / Design and Media School / Psychology Schools:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C.

English Entry Criteria (Year One Entry)
Applicants are required to achieve one of the following:

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI

- TOEFL iBT overall **79** (no less than **18** in each band)

- PTE overall **65** (minimum **59** in each component)

- Duolingo English Test overall **105** (minimum **100** in individual subscores)

- WAEC-SSCE English with a **minimum grade of C**

2) SSCE (Senior Secondary School Certificate Examination)

A) Foundation Entry

Engineering School:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
WAEC-SSCE applicants must achieve a minimum grade of C in at least five subjects, including Mathematics, English, and Biology.

Business School / Design and Media School / Psychology Schools:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English.

English Entry Criteria (Foundation Entry)
Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band) – Academic or UKVI

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- WAEC-SSCE English with a **minimum grade of C**

B) Year One Entry

Engineering School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, and Biology must be included.

Business School / Design and Media School / Psychology Schools:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C.

English Entry Criteria (Year One Entry)
Applicants are required to achieve one of the following:

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI

- TOEFL iBT overall **79** (no less than **18** in each band)

- PTE overall **65** (minimum **59** in each component)

- Duolingo English Test overall **105** (minimum **100** in individual subscores)

- WAEC-SSCE English with a **minimum grade of C**

Country: Nigeria

Accepted Qualifications (2 Types):

1. **WAEC** – West African Examinations Council

2. **NECO** – National Examinations Council

1) WAEC – West African Examinations Council

A) Foundation Entry

Engineering School:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
WAEC-SSCE applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
WAEC-SSCE applicants must achieve a minimum grade of C in at least five subjects, including Mathematics, English, and Biology.

Business School / Design and Media School / Psychology Schools:
Applicants must achieve a minimum grade of D7 in at least five WAEC-SSCE subjects, including Mathematics and English.

English Entry Criteria (Foundation Entry)
Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band) – Academic or UKVI

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- WAEC English with a **minimum grade of C**

B) Year One Entry

Engineering School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:

WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, and Biology must be included.

Business School / Design and Media School / Psychology Schools:
WAEC-SSCE applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C.

English Entry Criteria (Year One Entry):
Applicants are required to achieve one of the following::

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI

- TOEFL iBT overall **79** (no less than **18** in each band)

- PTE overall **65** (minimum **59** in each component)

- Duolingo English Test overall **105** (minimum **100** in individual subscores)

- WAEC English with a **minimum grade of C**

2) NECO – National Examinations Council

A) Foundation Entry

Engineering School:
NECO applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
NECO applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
NECO Applicants must achieve a minimum grade of C in at least five NECO subjects, including Mathematics, English, and Biology.

Business School / Design and Media School / Psychology Schools:
NECO applicants must achieve a minimum grade of D7 in at least five subjects, including Mathematics and English.

English Entry Criteria (Foundation Entry)
Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band) – Academic or UKVI

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- NECO English with a **minimum grade of C**

B) Year One Entry

Engineering School:
NECO applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
NECO applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
NECO applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C, and Biology must be included.

Business School / Design and Media School / Psychology Schools:
NECO applicants must achieve grades A–B in at least five subjects. Mathematics and English must be passed with a minimum grade of C.

English Entry Criteria (Year One Entry)
Applicants are required to achieve one of the following:

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI

- TOEFL iBT overall **79** (no less than **18** in each band)

- PTE overall **65** (minimum **59** in each component)

- Duolingo English Test overall **105** (minimum **100** in individual subscores)

- NECO English with a **minimum grade of C**

Country: Kenya

Accepted Qualification (1 Type):

1. **KCSE** – Kenya Certificate of Secondary Education

KCSE – Kenya Certificate of Secondary Education

A) Foundation Entry

Engineering School:
KCSE applicants must achieve an average grade of C in at least five examinable subjects, including English and Mathematics, plus one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
KCSE applicants must achieve an average grade of C in at least five examinable subjects, including English and Mathematics, plus one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
KCSE applicants must achieve an average grade of C across seven examinable subjects.

Business School / Design and Media School / Psychology Schools:
KCSE applicants must achieve an average grade of C in at least five examinable subjects, including English and Mathematics.

English Entry Criteria (Foundation Entry)
Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band) – Academic or UKVI

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- KCSE English with a **minimum Grade of C**

B) Year One Entry

Engineering School:
KCSE applicants must have at least eight examinable subjects, including Mathematics and English, achieve an average grade of B across seven subjects, and take one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:

KCSE applicants must have at least eight examinable subjects, including Mathematics and English, achieve an average grade of B across seven subjects, and take one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
KCSE applicants must have at least eight examinable subjects, achieve an average grade of B across seven subjects, and include Biology among the subjects.

Business School / Design and Media School / Psychology Schools:
KCSE applicants must have at least eight examinable subjects and achieve an average grade of B across seven subjects.

English Entry Criteria (Year One Entry)
Applicants are required to achieve one of the following:

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI

- TOEFL iBT overall **79** (no less than **18** in each band)

- PTE overall **65** (minimum **59** in each component)

- Duolingo English Test overall **105** (minimum **100** in individual subscores)

- KCSE English with a **minimum Grade of C**

Country: Tanzania

Accepted Qualifications (4 Types):

1. **ACSEE** – Advanced Certificate of Secondary Education Examination

2. **CSEE** – Certificate of Secondary Education Examination (Foundation Only)

3. **COHSC** – Cambridge Overseas Higher School Certificate (IGCSE equivalent)

4. **OND / Tanzanian Diploma**

1) ACSEE

A) Foundation Entry

Engineering School:
Applicants must achieve a minimum grade of CC in their qualifying examination. In addition, applicants must have studied at least one subject from the following: Physics, Chemistry, Design Technology, Biology, Mathematics, Further Mathematics, Electronics, or Engineering.

Computing School:
Applicants must achieve a minimum grade of CC in their qualifying examination. In addition, applicants must have studied at least one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
Applicants must achieve a minimum grade of BB in their qualifying examination. Biology must be included among the subjects studied.

Business School / Design and Media School / Psychology Schools:
Applicants must achieve a minimum grade of CC in their qualifying examination.

English Entry Criteria (Foundation Entry)

Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band) – Academic or UKVI

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- KCSE English with a **minimum Grade of C**

B) Year One Entry

Engineering School:
Applicants must achieve a minimum of BBB in their qualifying examination. In addition, applicants must have studied at least one subject from the following: Physics, Chemistry, Design Technology, Biology, Mathematics, Further Mathematics, Electronics, or Engineering.

Computing School:

Applicants must achieve a minimum of BBB in their qualifying examination. In addition, applicants must have studied at least one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
Applicants must achieve a minimum of BBB in their qualifying examination. No additional subject requirements apply.

Business School / Design and Media School / Psychology Schools:
Applicants must achieve a minimum of BBB in their qualifying examination. No specific subject prerequisites are required.

English Entry Criteria (Year One Entry)

Applicants are required to achieve one of the following:

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI

- TOEFL iBT overall **79** (no less than **18** in each band)

- PTE overall **65** (minimum **59** in each component)

- Duolingo English Test overall **105** (minimum **100** in individual subscores)

- KCSE English with a minimum **Grade of C**

2) CSEE (Foundation Entry Only)

Foundation Entry

Engineering School:
Applicants must achieve five CSEE passes (Grades A–E), with at least three subjects graded D or above. No more than two subjects are permitted at Grade E. English and Mathematics are required, in addition to one subject from the following: Physics, Chemistry, Design Technology, Biology, Further Mathematics, Electronics, or Engineering.

Computing School:
Applicants must achieve five CSEE passes (Grades A–E), with at least three subjects graded D or above. No more than two subjects are permitted at Grade E. English and Mathematics are required, in addition to one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:
Applicants must achieve seven CSEE passes (Grades A–C), including English, Mathematics, and Biology.

Business School / Design and Media School / Psychology Schools:
Applicants must achieve five CSEE passes (Grades A–E), with at least three subjects graded D or above. No more than two subjects are permitted at Grade E. English and Mathematics must be included.

English Entry Criteria (Foundation Entry)

Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band)

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- GCSE O-Level English with a minimum **Grade of C**

3) COHSC (IGCSE Equivalent)

A) Foundation Entry

Engineering School:

Applicants must achieve a minimum grade of CC in their qualifying examination and must have studied at least one subject from the following: Physics, Chemistry, Design Technology, Biology, Mathematics, Further Mathematics, Electronics, or Engineering.

Computing School:

Applicants must achieve a minimum grade of CC in their qualifying examination and must have studied at least one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:

Applicants must achieve a minimum grade of BB in their qualifying examination, with Biology included among the subjects studied.

Business School / Design and Media School / Psychology Schools:

Applicants must achieve a minimum grade of CC in their qualifying examination.

English Entry Criteria (Foundation Entry)

Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band)
- TOEFL iBT overall **65** (no less than **15** in each band)
- PTE overall **45** (minimum **40** in each component)
- Duolingo English Test overall **95** (minimum **85** in individual subscores)
- GCSE O-Level English with a minimum **Grade of C**

B) Year One Entry

Engineering School:

Applicants must achieve a minimum grade of BBB in their qualifying examination and must have studied at least one subject from the following: Physics, Chemistry, Design Technology, Biology, Mathematics, Further Mathematics, Electronics, or Engineering.

Computing School:

Applicants must achieve a minimum grade of BBB in their qualifying examination and must have studied at least one subject from the following: Physics, Chemistry, Further Mathematics, Computer Science, Computing, or Design Technology.

Physiotherapy School:

Applicants must achieve a minimum grade of BBB in their qualifying examination, with Biology included among the subjects studied.

Business School / Design and Media School / Psychology Schools:

Applicants must achieve a minimum grade of BBB in their qualifying examination.

English Entry Criteria (Year One Entry)

Applicants are required to achieve one of the following:

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI
- TOEFL iBT overall **79** (no less than **18** in each band)
- PTE overall **65** (minimum **59** in each component)
- Duolingo English Test overall **105** (minimum **100** in individual subscores)
- GCSE O-Level English with a minimum **Grade of C**

4) OND / Tanzanian Diploma

The Tanzanian Diploma (also known as OND) is a post-secondary qualification awarded after completing a diploma program following secondary education. Admission is based on both the overall diploma result and the relevance of the subject area to the chosen degree

A) Foundation Entry

All Schools (Engineering / Computing / Physiotherapy / Business / Design & Media / Psychology):
Applicants must achieve a minimum of Lower Credit in a relevant subject area. The subject studied must be related to the chosen program of study (for example, engineering, computing, science, or a related field, depending on the applied school).

English Entry Criteria (Foundation Entry)

Applicants are required to achieve one of the following:

- IELTS overall **5.5** (no less than **5.0** in each band)

- TOEFL iBT overall **65** (no less than **15** in each band)

- PTE overall **45** (minimum **40** in each component)

- Duolingo English Test overall **95** (minimum **85** in individual subscores)

- GCSE O-Level English with a minimum **Grade of C**

B) Year One Entry

Engineering School:

Applicants must achieve an Upper Pass in a relevant technical or engineering-related diploma.

Computing School:

Applicants must achieve an Upper Pass in a computing or technology-related diploma.

Psychology School:

Applicants must achieve a Pass in a relevant diploma subject.

Business School / Design and Media School / Physiotherapy Schools:

Applicants must achieve an Upper Pass in a relevant subject area.

English Entry Criteria (Year One Entry)

Applicants are required to achieve one of the following:

- IELTS overall **6.0** (no less than **5.5** in each band) – Academic or UKVI

- TOEFL iBT overall **79** (no less than **18** in each band)

- PTE overall **65** (minimum **59** in each component)

- Duolingo English Test overall **105** (minimum **100** in individual subscores)

- GCSE O-Level English with a minimum **Grade of C**

Required Documents:

All applicants holding one of the above certificates are required to submit the following documents:

- Official high-school transcript or certificate, stamped by the relevant educational authorities and, where applicable, authenticated by the embassy or the Ministry of Foreign Affairs.

- Birth certificate.

- Copy of passport.

- Personal statement.

- Recommendation letter.

- Portfolio (for Design and Media applicants only).

In addition, **Design and Media applicants** are required to complete a **portfolio assessment** with the Design and Media faculty as part of the **Final Acceptance** process. The portfolio should be compiled into **one PDF file** and submitted to **admissions@tkh.edu.eg**
